

Acceptable Use Policy (synthetic)

ACCEPTABLE USE POLICY (SAMPLE)

Organisation: Example Org (fictional)

1. Purpose. This policy describes acceptable use of shared computing resources.
2. Scope. It applies to all employees, contractors and temporary staff.
3. Requirements. Users shall comply with password rotation every 90 days, shall not share credentials, and shall report suspected incidents within 24 hours.
4. Monitoring. The organisation may monitor system usage for security purposes.
5. Enforcement. Violations may lead to disciplinary action up to termination of employment.
